

Native Arts and Heritage Academy Nepal

Anamnagar, Kathmandu

Date: 1/28/2023

Appeal for associating with the Academy as a Trustee Member

You might have been aware of our campaign to establish a specific University for Native Arts and Culture in the country as declared in the National Educational Policy, 2019 and the National Culture Policy, 2020. With the aim to continue the campaign and start foundational work, as decided in the joint meeting of the preparatory committee and the advisors held on July 2, 2022, the Native Arts and Heritage Academy Nepal has been established on the basis of a trusteeship system. Now we have started mapping the native skills, arts and culture available at the local levels, linking it in the school course and having a learning centre in the community level. We have also prepared to start credit/non-credit courses on the subject. Moreover, a memorandum of understanding has been made for the academic collaboration with the Akamai University of the United States.

Thus, we would like to request you to be associated with the Academy and contribute in order to promote the native skills, arts, knowledge, culture and heritage and mainstream in the educational system of the country for enhancing national identity and inclusive green prosperity. We expect your association with the Academy as a Trustee will contribute to the campaigns the Academy has undertaken. For more detail, please contact the following officials.

Similarly, please also join the social media of the Academy and share your ideas and experience widely.
