## Human Studies Research Ethics Training in the UK

Below are the web sites and the basic requirements to conduct a human study in the UK. You must attend two days of training and can book the training and participate online. No student proposals for research on humans being conducted in the UK will be approved without prior human studies research ethics training.

UK Research Integrity Office

<https://ukrio.org/our-work/education-and-training/>

Prior to submitting your research proposal you will be expected to have reviewed the following material:

1. [General Information on the UK Research Integrity Office](#)
2. [Code of Practice for Research](#)
3. [Researcher Checklist of Ethics Applications for Research with Human Beings](#)
4. [Good practice in research: Authorship](#)

If it is applicable to your research plan please review:

5. [Good practice in internet-mediated research](#)

If you have questions, please contact the Akamai University Office of Research Integrity or your Chair.
